

Minutes of the Landscaping Committee Meeting on Feb 9, 2015

Present at the Meeting were, Roz Warner, Phyllis Balestra, Judy Jones, Ron Kurtis and Ishrut Batjer. Also present was Eddie Tanguay, Jr., representing Austin Outdoor our Landscaper.

Eddie Tanguay distributed list of the work to be done for the coming season. The new plantings were on Entrance to Waterlefe, Sand Crane East, Three Berms, Fieldbrook Berms, North Fieldbrook, and Fieldbrook to Discovery East.

The new plants to be installed are: Arborcola, Green Island Ficus, Indian Hawthorn, Gold Mound, Philodendron, Oleander (the Oleanders will be sprayed to resist the Oleander Moth Caterpillar which are instrumental in diminishing the appearance of the bushes early in spring).

Certain trees which are not aesthetical, will be removed, some trees which can be saved will be trimmed.

ANNUALS: The annuals for the summer will be Petunias and Stoke Asters. These will be planted in June. Jonathan( of ?White Diamond) and Oscar will be asked to collaborate on the plantings. Berms in certain annual areas will be planted with Flax Lily.

Ron to check on the lighting. Money will be available to make changes,

Committee asked to think about the next phase which will be the roundabout at the end of Waterlefe Boulevard. Ron and Ishrut think that a giant sculpture would be a good idea. Ron to investigate.

Respectfully submitted by Ishrut Batjer
