Dona asked if Artistree had a copy of Waterlefe subdivision showing all the landscaped areas they were to maintain and they said they did. They were to begin working in Waterlefe on August 28th. Dona mentioned that the committee wants input from Artistree regarding their thoughts on future projects for Waterlefe. Artistree said will come in with some recommendations after they have had some time on the property.

There was a discussion of some areas that needed immediate attention:

-Weeding of beds

-Removal of Dying and Dead Plants (Junipers, Roses)

The latest landscape plan and plant list for the Waterlefe Circle was reviewed and shared with the group. There was a short discussion about some possible plant replacements. Scott mentioned that the bougainvillea trees will need to constantly be staked and will require more maintenance. Art mentioned that although the circle was the current focus, he felt the front of the neighborhood was also a priority and should be addressed next. All in attendance agreed. Nancy and Dona agreed to go back to Shawn, the designer, and see about some adjustments to the plan.

Meeting adjourned at 12:15pm
