

Landscape Committee Minutes

November 12, 2013

Present: Roz Warner, Ron Kurtis and Sue Sauermilch

A discussion was held on Phase 1 and 2. All of the plants seem to be doing very well. The Hong Kong orchid trees are beginning to bloom. However, there are several Royals and a magnolia which seem to be struggling. Mrs. Warner advised the Royals had been injected twice and that Austin was very well aware of our concerns. They are under warranty.

Mrs. Sauermilch thought the plantings along UMRR were too symmetrical.

Lighting was discussed and that we needed more lighting at the entrance. Mr. Kurtis, Lighting Chairman was looking into this matter.

We reviewed the plans for Phase 3 and 4 which were being finalized by Simply Verde.

Meeting adjourned at 1:55.

Roz Warner
