

## Landscape Committee Minutes

March 12, 2013

Meeting called together at 1PM. Present were Roz Warner, Ron Kurtis, Linda Jesel and Joe Rasset, General Mgr of Waterlefe Golf Course.

Status of Phases 1 and 2 discussed. Austin Outdoor, who currently does the majority of the landscaping in Waterlefe, was the successful bidder. They gave us a 2% reduction since we are doing both Phases with them. Mrs. Warner mentioned it was slightly over budget so it will be discussed at the next CDD meeting. Also lighting not included.

The Committee has selected pink, white and red begonias for spring planting, Coleus for summer, New Guinea impatiens for fall, and pink and red geraniums for winter. We are currently reviewing how the perennials on Sand Crane work out to consider doing perennials instead of annuals for color around Waterlefe.

The committee reviewed phases 3 and 4 but further clarification is needed and will be discussed at April meeting. Of concern is the placement of trees from the guardhouse to the entrance.

Meeting adjourned at 2:30.

Roz Warner
