

EROSION COMMITTEE MINUTES
OCTOBER 18, 2011

A regular meeting of the Waterlefe Erosion Committee was held on Tuesday October 18, 2011 at 1pm at the River Club.

Dik Hall	Committee Chairman
Doug Reiff	Committee Member
Ron Myers	Committee Member
Marty Schuler	Committee Member
Joe Rasset	Waterlefe General Manager
John Toborg	Operations Mgr., Rizzetta &Co.
Rick Schappacher	District Engineer
Jeff Mangel	Gulf Coast Lakes and Wetlands co.

Roz Warner and Bobbie Griswold were unable to attend.

Meeting was called to order by Dik Hall at 105PM.

Motion to approved the September minutes was made by Ron Myers and seconded by Doug Reif and was accepted by all.

Rick Schappacher District engineer for the CDD made a presentation on the conditions of the shoreline for Phase 2 of the priority area (Maritime and Winding Stream Purple coded area on the study}and the secondary priority area. Rick walked all the areas and presented pictures with his findings. Rick said the area does not look as bad as phase 1 but it was hard to observe the shoreline because of the huge amount of weeds. Some areas may not have to be done but further plantings should be considered. The weeding is planned for November. After the weeding, Rick will again survey those areas and give his recommendations at that time. As a result, the November bidding process for Phase 2 will be delayed until after Rick gives his report.

Jeff Mangell from Gulf Coast Lakes and Wetlands co gave an interesting presentation on their company's proposal for monthly maintenance of the waterways. His monthly maintenance would prevent the huge buildup of weeds . He has a lot of experience in this area and will revisit after the weeding is done.

The meeting was adjourned at 220PM

The next Erosion Committee Meeting is scheduled for November 15 at 1PM
