

Landscaping Committee Minutes
February 14, 2012

Present: Committee Members:

Roz Warner
Heather Galbraith
Linda Jesel
Ron Kurtis
Ishrut Batjer
Joyce Reiff
Darcy Leahy, Property Management
Ron Myers, resident

Meeting called to order at 1 PM. Minutes from January minutes were approved.

A review of the flowers suggested for the remaining 3 plantings in 2012 were reviewed. It was suggested that the plantings for winter 2012 be a bright geraniums instead of pansies.

Discussion held on the proposed letter to residents informing them which plants would attract butterflies and hummingbirds. Once letter is composed, it will be forwarded to the Design Review Board of the MPO to make certain there are no conflicts.

A review of the soil analysis along UMR Road and Waterlefe Blvd revealed our soil is more alkaline than acidic which determines what can successfully be grown at Waterlefe. Suggested trees and scrubs were supplied by our landscape architect Simply Verde and were discussed in depth. Our suggestions, both pro and con, will be forwarded to Simply Verde.

We also discussed placement of benches in Waterlefe. Darcy advised that the Property Management Committee had turned down any benches.

Meeting adjourned at 3:05.

Rosalyn Warner
