

Landscape Committee Minutes

September 9, 2014

Present: Roz Warner, John Stevens

Called to order: 1:05 PM

Minutes of July Minutes approved

Discussion on watering of flower beds discussed. Roz advised she has repeatedly requested thru Tyree and Joe R. that the flower beds be watered daily for the two weeks after plating. Also to double check the timing as it is very apparently several of the beds are not receiving sufficient water. Roz has also talked with Julian from Austin.

The Landscape Committee is very satisfied with the new plantings from the prison and will monitor the watering. Additional marigolds were needed and were purchased and be planted by Jonathan.

The purchasing of plants from the prison and the subsequent planting by Jonathan, along with more use of perennials will result in savings to the CDD.

Suggestions for December are red and white geraniums which will be secured from the prison and planted by Jonathan. The prison had previously advised they will have buds but no flowers and will be app, 4: high.

It was felt that the perennials should be planted in March, since planting in December might not allow the root system to be established sufficiently if we receive a cold spell.

Suggestions for March planting are:

	PERENNIAL	ANNUAL
Portside/Foggy Morn	Dwarf Alamanda – yellow	Verbena Temari
Discovery (Condos & Misty Pond)	Dwarf Crotons	Vinca - white
Waterlefe & Winding Stream	Amaranth	Garzania

Roz advised Patricia from Simply Verde was on site today and along with Roz reviewed Phase 4 and the trees involved. The median was also discussed and she will review. The Landscape Committee felt the current look of the median was excellent except it needs to be refreshed and updated. Much of the juniper will be removed. Beds will be filled with either the oleander or Fire bush were needed. Where shrubs in good condition, additional plants will be added where needed. The berms on the sides will also be replanted. The bids received for this update from Austin were discussed.

Meeting closed 2:00

Roz Warner
